Subject: Greenham Reach Smallholdings support

REF: 11/02007/MFUL,12/00045/MFUL,12/00107/MFUL

As a member of Sustainable Crediton's Core Group and Food Group, I write in support of the Ecological Land Co-operative planning application for three low impact affordable smallholdings. This is just the sort of sustainable development we should be aiming for. It will be of great benefit in terms of local food production, local housing, local jobs and the local economy. I urge you to give the plan your approval.
